Corporate Governance Highlights

Corporate Governance Profile

Our corporate governance profile aligns with that of other newly public controlled companies, and reflects the influence and control of Access. However, despite not being required in all cases as a controlled company, we have the following structures of the board that we believe contribute to effective board governance:

- Independent chairman
- Majority independent board of directors
- Independent Audit Committee
- Majority independent Nominating and Corporate Governance Committee
- Annual election of directors

Board Skills and Experience

The Board seeks directors who possess a broad range of skills, experience, expertise and perspectives that position the Board to effectively oversee the Company’s strategies and risks. Our directors were carefully selected for their mix of skills and expertise, which align with, and facilitate effective oversight of, the Company’s strategy. Our directors possess substantive skills and experience in the following key areas, which are relevant to the Board’s oversight of the Company, including the music and entertainment industries; senior management; audit and accounting; public company board service; capital markets and corporate finance and strategic business planning.

Board Diversity

The Board believes that a diverse board is better able to effectively oversee our management and strategy, and position the Company to deliver long-term value for our stockholders. The Board considers diversity, including gender and ethnic diversity as adding to the overall mix of perspectives of the Board as a whole. With the assistance of the Nominating and Corporate Governance Committee, the Board regularly reviews trends in board composition, including on director diversity and, in fiscal year 2021, the Board increased its gender diversity.

Wagner for election at the Annual Meeting to serve until the 2023 annual meeting or until their successors are elected or have been qualified. The Board believes that each of these nominees continue to have the necessary skills and experience to effectively oversee our business. Each of these nominees currently serves as a director, and each has consented to being named in this Proxy Statement and has agreed to serve if elected.

*The Board recommends that you vote **FOR** the election of each of Stephen Cooper, Lincoln Benet, Alex Blavatnik, Len Blavatnik, Mathias Döpfner, Nancy Dubuc, Noreena Hertz, Ynon Kreiz, Ceci Kurzman, Michael Lynton and Donald A. Wagner.*

All director nominees will stand for election for a one-year term that expires at the following annual meeting.

Unless otherwise instructed, the proxyholders will vote proxies FOR the nominees of the Board. The Board has no reason to believe that any of its nominees will be unable or unwilling to serve if elected. However, if any of the Board’s nominees should become unable for any reason or unwilling for good cause to serve as a director at any point before the Annual Meeting or any adjournment or postponement of the meeting, the Board may reduce the size of the Board or nominate another candidate for election as a director. If the Board nominates a new candidate, unless otherwise provided, the form of proxy attached to this Proxy Statement permits the proxyholders to use their discretion to vote for that candidate.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND
MANAGEMENT AND RELATED STOCKHOLDER MATTERS**

The following table sets forth certain information concerning the beneficial ownership of the Company’s common stock as of January 6, 2022 by (i) each person known to own beneficially more than five percent of our common stock; (ii) each of our directors; (iii) each of our named executive officers; and (iv) all of our current executive officers and directors as a group. Except as otherwise indicated, the business address of each stockholder listed on the table below is c/o Warner Music Group Corp., 1633 Broadway, New York, New York 10019.

The amounts and percentages of shares beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a “beneficial owner” of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person’s ownership percentage, but not for purposes of computing any other person’s percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities, and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest.

Percentage computations are based on 136,075,422 shares of our Class A Common Stock and 378,737,586 shares of our Class B Common Stock outstanding as of January 6, 2022.

PROPOSAL 2
Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee is responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm (“independent auditor”) and annually evaluates the independent auditor’s qualifications, performance and independence.

The Audit Committee has appointed KPMG LLP (“KPMG”) as our independent auditor for the fiscal year ending September 30, 2022. KPMG has served as the independent auditor for the Company since 2015. KPMG’s background knowledge of the Company, combined with its industry expertise, has enabled it to carry out its audits of our financial statements with effectiveness and efficiency. The members of the Audit Committee believe that the continued retention of KPMG as our independent auditor is in the best interest of the Company and its stockholders. In determining whether to reappoint KPMG, the Audit Committee considered factors such as:

- KPMG’s independence and objectivity;
- KPMG’s and the lead engagement partner’s capability and expertise in handling the breadth and complexity of our operations;
- KPMG’s tenure as independent auditor for the Company;
- historical and recent performance of KPMG, including the extent and quality of communications with members of the Audit Committee; and
- the impact of a change in the independent auditor.

The Audit Committee is involved in the selection of KPMG’s lead engagement partner and ensures that the lead partner’s engagement is limited to no more than five consecutive years of service in that role (in accordance with SEC rules). The current lead KPMG engagement partner is eligible to serve in that capacity through the end of the fiscal year 2022 audit.

We request that our stockholders ratify the appointment of KPMG as our independent auditor for fiscal year 2022. If the stockholders do not ratify such appointment, the Audit Committee will take note and may reconsider its retention of KPMG. If such appointment is ratified, the Audit Committee will still have the discretion to replace KPMG at any time during the year. Representatives of KPMG are expected to be present at the Annual Meeting and will have the opportunity to make a statement. They will also be available to respond to questions from stockholders regarding their audit of our consolidated financial statements and their audit of our internal control over financial reporting for fiscal year 2021.

*The Board recommends that stockholders vote **FOR** the ratification of the appointment of KPMG as our independent registered public accounting firm for fiscal year 2022.*

Audit Committee Pre-Approval Policy

The Audit Committee has adopted the Audit Committee Pre-Approval Policy (the "Pre-Approval Policy"), which requires its pre-approval of all audit and permitted non-audit services to be provided to the Company by the independent auditor to ensure that the provision of such services does not impair the auditor's independence. The Pre-Approval Policy sets forth pre-approval procedures. Pursuant to the Pre-Approval Policy, the Audit Committee will pre-approve the audit, audit-related, tax and permissible non-audit services that it believes would not impair the independence of the auditor. In addition, the Pre-Approval Policy delegates authority to the Audit Committee Chairperson, and may delegate to one or more of its other members, authority to pre-approve audit and permitted non-audit services. The Chairperson and any other member or members to whom such authority is delegated will report any pre-approval decisions to the Audit Committee at its next scheduled meeting. Pre-approval fee levels for services to be provided by the independent auditor are established or revised quarterly by the Audit Committee. The Audit Committee approved all audit and other permitted non-audit services provided by KPMG for fiscal years 2021 and 2020 and the costs of those services.

Audit Committee Report

The Audit Committee operates under a written charter adopted by the Board. The Audit Committee currently consists of three directors, all of whom are independent directors under The Nasdaq Stock Market LLC ("Nasdaq") rules (Nancy Dubuc, Noreena Hertz and Ynon Kreiz). Since Nasdaq rules require the Audit Committee to be composed entirely of independent directors within one year of listing, on June 3, 2021, Donald A. Wagner resigned from the Audit Committee, Noreena Hertz, an independent director, joined the Audit Committee and Thomas H. Lee was appointed chair of the Audit Committee. On July 13, 2021, Nancy Dubuc joined and was appointed chair of the Audit Committee and Thomas H. Lee resigned from the Audit Committee.

The Board has determined that all three members of the Audit Committee have the requisite experience to be designated an audit committee financial expert as such term is defined under Item 407(d)(5) of Regulation S-K under the Securities Act of 1933, as amended (the "Securities Act") and the applicable standards of Nasdaq.

Management is responsible for the preparation and presentation of the Company's financial statements and the reporting process, for its accounting policies and procedures, and for the establishment of effective internal controls and procedures.

The primary duties of the Audit Committee are (i) to assist the Board's oversight of (a) the accounting, internal controls, financial and external reporting policies and practices of the Company; (b) the quality and integrity of the Company's financial statements and related disclosure; (c) the independent auditor's qualifications and independence; (d) the evaluation and management of the Company's financial risks; (e) the performance of the Company's internal audit function and independent auditor; and (f) the Company's compliance with legal and regulatory requirements; and (ii) the preparation of the report of the Committee required to be included in the Company's annual proxy statement under the rules of the SEC.

TABLE OF CONTENTS

The independent auditor is responsible for performing an independent audit of the Company's financial statements and internal control over financial reporting in accordance with standards established by the PCAOB, and the independent auditor issues a report with respect to the audit. The independent auditor must express an opinion as to the conformity of our financial statements with U.S. generally accepted accounting principles and the effectiveness of our internal controls over financial reporting. The independent auditor regularly affirms to the Audit Committee that it remains independent from the Company.

The Audit Committee regularly meets with the independent auditor, both in general session and in executive session, to discuss the Company's financial reporting processes, internal control over financial reporting, disclosure controls and procedures, required communications to the Audit Committee, fraud risks and any other matters that the Committee or the independent auditor deem appropriate.

More information on the Audit Committee and its responsibilities is included in the Audit Committee Charter available on the Company's website at <https://investors.wmg.com/corporate-governance/committee-composition>.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements for fiscal year 2021 with each of management and the independent auditor. The Audit Committee and the independent auditor have also discussed the matters required to be discussed by them under the applicable rules of the PCAOB.

The Audit Committee has received from our independent auditor the written disclosures and the letters required by the applicable rules of the PCAOB, as currently in effect, regarding the firm's communications with the Audit Committee relating to independence, and it has discussed the independent auditor's independence with the independent auditor. The Audit Committee has also considered whether the provision of non-audit services by KPMG is compatible with maintaining the firm's independence.

Based on the review and discussions described in this Audit Committee Report, the Audit Committee recommended to the Board that the audited financial statements for fiscal year 2021 be included in the Annual Report on Form 10-K for the year ended September 30, 2021 as filed with the SEC.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This compensation discussion and analysis provides information about the material elements of compensation that are paid, awarded to, or earned by our “named executive officers,” who consist of our principal executive officer, principal financial officer and our three other most highly compensated executive officers for fiscal year 2021. Our named executive officers (“NEOs”) for fiscal year 2021 are:

- Stephen Cooper, Chief Executive Officer (“CEO”)
- Eric Levin, Executive Vice President and Chief Financial Officer (see “Executive Officers” below)
- Max Lousada, Chief Executive Officer, Warner Recorded Music
- Carianne Marshall, Co-Chair and Chief Operating Officer, Warner Chappell Music
- Guy Moot, Co-Chair and Chief Executive Officer, Warner Chappell Music

Role of the Compensation Committee

The Compensation Committee is responsible for overseeing our compensation programs. As part of that responsibility, the Compensation Committee determines all compensation for the Company’s executive officers. For executive officers other than the CEO, the Compensation Committee considers the recommendation of the CEO and the Executive Vice President and Chief People Officer in making its compensation determinations. The Committee interacts regularly with management regarding our executive compensation initiatives and programs. The Compensation Committee has the authority to engage its own advisors. During fiscal year 2021, no independent compensation advisor provided any advice or recommendations on the amount or form of executive and director compensation to the Compensation Committee.

Our executive team consists of individuals with extensive industry expertise, creative vision, strategic and operational skills, in-depth company knowledge, financial acumen and high ethical standards. We are committed to providing competitive compensation packages to ensure that we retain these executives and maintain and strengthen our position as a leading global music entertainment company.

Our executive compensation programs and the decisions made by the Compensation Committee are designed to achieve these goals. For fiscal year 2021, the compensation for the Company’s NEOs (the executive officers for whom disclosure of compensation is provided in the tables below) consisted of base salary, annual bonuses and equity incentives. Our NEOs (other than Mr. Lousada, who continued to participate in the Pre-IPO Plan described below) were granted initial equity awards under the Warner Music Group Corp. 2020 Omnibus Incentive Plan (the “Omnibus Incentive Plan”) pursuant to which we grant long-term equity incentive compensation to our directors, officers and other employees. Mr. Lousada participated, based on his individual election, in the Second Amended and Restated Warner Music Group Corp. Senior Management Free Cash Flow Plan (the “Pre-IPO Plan”) during fiscal year 2021, which is further described below. Mr. Lousada’s equity incentives under the Pre-IPO Plan will continue during fiscal year 2022. The NEOs do not receive any other compensation or benefits other than standard benefits available to all U.S. employees, which primarily consist of health plans, the opportunity to participate in the Company’s 401(k) and deferred compensation plans, basic life insurance and accidental death insurance coverage. Additionally, because Mr. Lousada is located in the United Kingdom, he participates in our defined contribution pension scheme for our U.K. employees, and he also receives a car allowance and is reimbursed for certain tax preparation costs.

For the 2021 fiscal year, in determining the compensation of the NEOs, the Compensation Committee sought to establish a level of compensation that is (a) appropriate for the size and financial condition of the Company; (b) structured so as to attract and retain qualified executives; and (c) tied to annual financial performance and long-term shareholder value creation.

The Company has entered into employment arrangements with each of our NEOs other than Mr. Cooper, which establish each executive’s base salary and, for Mr. Lousada, his entitlement to a percentage of our annual free cash flow under the Pre-IPO Plan, for Mr. Levin, his discretionary or target annual equity incentive award and, in the case of Messrs. Levin and Moot and Ms. Marshall, their discretionary or target annual bonus.

[TABLE OF CONTENTS](#)

Beginning in fiscal year 2021, the terms of Mr. Cooper's employment included a base salary, target annual bonus and an annual grant of long-term incentive awards, as further described below.

Executive Compensation Objectives and Philosophy

We design our executive compensation programs to attract talented executives to join the Company and to motivate them to position us for long-term success, achieve superior operating results and increase stockholder value, and we are continuing to do this as a public company. To realize these objectives, the Compensation Committee and management focus on the following key factors when considering the amount and structure of the compensation arrangements for our executives:

- ***Alignment of executive and stockholder interests by providing incentives linked to operating performance and achievement of cash flow and strategic objectives.*** We are committed to creating stockholder value and believe that our executives and employees should be provided incentives through our compensation programs that align their interests with those of our stockholders. Accordingly, we provide our executives with annual cash bonus incentives linked to our operating performance. In addition, in 2020, we adopted the Omnibus Incentive Plan, pursuant to which we made grants of long-term equity incentive compensation to our directors, certain of our officers and other employees beginning in fiscal year 2021, as described below. In 2013, we adopted the Pre-IPO Plan, which, also as described below, is an incentive compensation program that pays annual bonuses based on our free cash flow and offers participants the opportunity to share in appreciation of our common stock. For information on the components of our executive compensation programs and the reasons why each is used, see "Components of Executive Compensation" below.
- ***A clear link between an executive's compensation and company-wide performance.*** Our NEOs have incentive compensation that is tied to company-wide performance. In fiscal year 2021, one of our NEOs (Mr. Lousada) participated in the Pre-IPO Plan (Mr. Cooper had previously participated in the Pre-IPO Plan prior to fiscal year 2021). As further discussed below, the Pre-IPO Plan was designed to reward our executives' contributions to our free cash flow and long-term value. For other executives, their annual incentive bonus is discretionary and designed to reward their achievement of specified key goals, which include, among other things, the successful implementation of strategic initiatives, realizing superior operating and financial performance, and other factors that we believe are important, such as the promotion of an ethical work environment and teamwork within the Company. In addition, the Omnibus Incentive Plan, our equity-based compensation plan, allows us to grant a variety of awards, including restricted stock units covering shares of our common stock. We believe that the Omnibus Incentive Plan allows us to provide strong long-term performance and retention incentives for executives and increase their vested interest in the performance of the Company and the value of our common stock. We believe our compensation structure motivates our executives to achieve these goals and rewards them for their significant efforts and contributions to the Company and the results they achieve.
- ***The extremely competitive nature of the media and entertainment industry, and our need to attract and retain the most creative and talented industry leaders.*** We compete for talented executives in relatively high-priced markets, and the Compensation Committee takes this into consideration when making compensation decisions. For example, we compete for executives with other recorded music and music publishing companies, other entertainment, media and technology companies, law firms, private ventures, investment banks and many other companies that offer high levels of compensation. We believe that our senior management team is among the best in the industry and is the right team to lead us to long-term success. Our commitment to ensuring that we are led by the right executives is a high priority, and we make our compensation decisions accordingly.

Components of Executive Compensation

Employment Arrangements

With the exception of Mr. Cooper as described above, in the 2021 fiscal year we had employment arrangements with all of our NEOs, the key terms of which are described below under "Summary of NEO Employment Arrangements." We believe that having employment arrangements with certain of our executives can be beneficial to us because it provides retentive value, requires them to comply with key restrictive covenants, and may give us some competitive advantage in the recruiting process over a company that does not

TABLE OF CONTENTS

offer employment arrangements. Our employment arrangements set forth the terms and conditions of employment and establish the components of an executive's compensation, which generally include the following:

- Base salary;
- Participation in the free cash flow bonus pool of the Pre-IPO Plan or a discretionary or target annual cash bonus;
- Severance payable upon a qualifying termination of employment; and
- Benefits, including participation in a defined contribution plan and health, life insurance and disability insurance plans.

Mr. Levin's employment agreement also provides for a target annual grant of long-term incentive awards, pursuant to an amendment entered into on October 21, 2020, during fiscal year 2021. Mr. Cooper was not party to an employment agreement during fiscal year 2021, however, we updated his employment terms during fiscal year 2021, as further described below under "Summary of NEO Employment Arrangements."

Key Considerations in Determining Executive Compensation

The following describes the components of our NEO compensation arrangements and why each is included in our executive compensation programs.

Base Salary

The cash base salary an NEO receives is determined by the Compensation Committee after considering the individual's compensation history, the range of salaries for similar positions, the individual's expertise and experience, and other factors the Compensation Committee believes are important, such as whether we are trying to attract the executive from another opportunity. The Compensation Committee believes it is appropriate for executives to receive a competitive level of guaranteed compensation in the form of base salary and determines the initial base salary by taking into account recommendations from management and, if deemed necessary, the Compensation Committee's independent compensation consultant.

Each of our NEOs (other than Mr. Cooper) was paid base salary in accordance with the terms of their respective employment arrangement for fiscal year 2021. Mr. Cooper was paid annual base salary of \$3,000,000 for fiscal year 2021.

Annual Cash Bonus

The Compensation Committee directly links the amount of the annual cash bonuses we pay to our financial performance for the particular year.

Annual Free Cash Flow Bonus Pool

During fiscal year 2021, Mr. Lousada participated in the Pre-IPO Plan, which is also a non-qualified deferred compensation plan that allows the participants to defer receipt of all or a portion of their annual bonuses (up to maximum amounts) until future dates prescribed by the Pre-IPO Plan. The Compensation Committee adopted the Pre-IPO Plan to, among other reasons, reinforce a partnership culture with our executives, by allowing them to participate in our short-term performance (in the form of annual free cash flow bonuses) and long-term performance (in the form of deferred compensation that is indexed to the value of our common stock and with grants of Profits Interests, as described below under "Long-Term Equity Incentives"). We believe it is important for our executives and shareholders to be motivated to work together towards shared financial and operational goals. In addition, the Compensation Committee considered that the Pre-IPO Plan offers our executives the opportunity for tax-efficient wealth management creation based on our performance.

For the 2021 fiscal year, Mr. Lousada participated in the Pre-IPO Plan with a fixed percentage of free cash flow of 1.0%. The Company's free cash flow for the 2021 fiscal year for the Pre-IPO Plan was \$218 million. Accordingly, for fiscal year 2021, Mr. Lousada earned a free cash flow bonus under the Pre-IPO Plan of \$2,180,000. Because he had already deferred his maximum allocation under the Pre-IPO Plan prior to the 2021 fiscal year, Mr. Lousada was not entitled to defer any of his free cash flow bonus payable for the 2021 fiscal

year and all of it was paid to him in cash. The amount paid in cash to Mr. Lousada for his free cash flow bonus under the Pre-IPO Plan for the 2021 fiscal year is set forth below under the “Non-Equity Incentive Plan Compensation” column in the Summary Compensation Table.

Discretionary Bonuses

Messrs. Cooper, Levin and Moot and Ms. Marshall did not participate in the Pre-IPO Plan during the 2021 fiscal year. For the 2021 fiscal year, Mr. Cooper had an annual target bonus amount of \$7,000,000, payable in the form of RSUs (as defined below); Mr. Levin had an annual target bonus amount of \$1,000,000 set forth in his employment agreement; Mr. Moot had an annual target bonus amount of \$1,750,000 set forth in his employment agreement; and Ms. Marshall had an annual target bonus amount of \$1,750,000 set forth in her employment agreement. The actual amount of the annual bonuses for Messrs. Cooper, Levin and Moot and Ms. Marshall are determined by the Compensation Committee in its sole discretion and may be higher or lower than their target amounts. Because he participated in the Pre-IPO Plan, Mr. Lousada did not have a target annual bonus for the 2021 fiscal year. However, he received a special discretionary bonus for the 2021 fiscal year, which was approved by the Compensation Committee. The amounts of the annual bonuses for Messrs. Cooper, Levin and Moot and Ms. Marshall for fiscal year 2021 and the special discretionary bonus for Mr. Lousada are set forth below under the “Bonus” column in the Summary Compensation Table.

Mr. Cooper’s annual bonus was determined by the Compensation Committee. For the annual bonuses for Messrs. Levin and Moot and Ms. Marshall, the Compensation Committee considered the recommendation of the CEO and the Executive Vice President and Chief People Officer in making its bonus determinations. The annual bonuses for Messrs. Cooper, Levin and Moot and Ms. Marshall were based on their target bonuses, corporate performance and other discretionary factors, including achievement of strategic objectives and other goals. A variety of qualitative and quantitative factors that vary by year and are given different weights in different years depending on facts and circumstances were considered, with no single factor predominant in the overall bonus determination. The factors considered by the Compensation Committee in connection with the fiscal year 2021 bonuses for Messrs. Cooper, Levin and Moot and Ms. Marshall are discussed in more detail below.

For fiscal year 2021, after considering the factors described above and management’s recommendations, the Compensation Committee determined that the annual bonuses for Messrs. Cooper, Levin and Moot and Ms. Marshall would be set at amounts equal to \$7,485,100 (payable in the form of RSUs), \$1,219,300, \$1,950,200 and \$1,950,200, respectively, and the special discretionary bonus for Mr. Lousada would be equal to \$220,000. This reflected the Compensation Committee’s and management’s assessment of the Company’s overall corporate performance and an evaluation of the contributions by these executives to the Company’s performance during the fiscal year. Specifically, the Compensation Committee set the amount of Mr. Cooper’s annual bonus after considering the quality of his individual performance in establishing strategic direction, building a management team and leading effectively as well as the performance of the Company. The Compensation Committee set the amount of Mr. Levin’s annual bonus after considering the quality of his individual performance in running the company-wide finance function, and taking into account other qualitative factors including performance in internal and public financial reporting, budgeting and forecasting processes, compliance and infrastructure and investment and cost-savings initiatives as well as the performance of the Company. The Compensation Committee set the amounts of Mr. Moot’s and Ms. Marshall’s annual bonuses after considering the quality of their individual performance as co-leaders of Warner Chappell Music, as well as the performance of the Company. The amount of Mr. Lousada’s special discretionary bonus was determined by the CEO and the Compensation Committee based on the quality of his performance the leader of Warner Recorded Music, as well as the performance of the Company.

Other non-financial factors taken into account by the Compensation Committee in setting these bonus amounts for fiscal year 2021 included, among other items, providing strategic leadership and direction for the Company, including corporate governance matters, managing the strategic direction of the Company and communicating to investors and other important constituencies.

As the COVID-19 pandemic was factored into business plans for the 2021 fiscal year, it was not a consideration in determining bonuses for the fiscal year, nor did the Compensation Committee modify any goals for the fiscal year due to COVID-19-related circumstances. The Compensation Committee did, however, recognize the continued disruption to our business caused by COVID-19 during the fiscal year and acknowledged that each NEO had been called upon to continue to provide strong leadership throughout the COVID-19 pandemic, making difficult decisions

and implementing a variety of measures that were designed to limit the negative impact to our business, create long-term shareholder value, and protect our employees, artists and songwriters and the communities that we serve. The Compensation Committee credits our NEOs for having worked cohesively to effectively manage our business during the COVID-19 pandemic, for preserving business continuity without sacrificing the safety of our employees, and for achieving strong operating and financial performance.

Long-Term Equity Incentives

Warner Music Group Corp. Senior Management Free Cash Flow Plan

As noted above, for fiscal year 2021, Mr. Lousada elected to participate in the Pre-IPO Plan. In addition to providing an annual bonus that is based on a percentage of the Company's free cash flow, as described above, the Pre-IPO Plan provides its participants with the opportunity to defer all or a portion of their free cash flow bonuses and receive grants of equity interests, within prescribed limits. Mr. Cooper previously participated in the Pre-IPO Plan prior to fiscal year 2021.

Deferral of Compensation under the Pre-IPO Plan

Subject to prescribed limits under the Pre-IPO Plan (including on an individualized participant basis), deferred amounts, if any, will be credited to a participant's account as and when a deferred bonus is earned and indexed to the fair market value of a share of our common stock (as determined from time to time by the Compensation Committee), except that the initial value of deferred amounts at the time of deferral was based on our fair market value as of January 1, 2013 for the Pre-IPO Plan's initial participants, including Mr. Cooper, and as of the grant date for other participants who joined the Pre-IPO Plan at a later date, including Mr. Lousada. As noted above, Mr. Lousada was not entitled to defer any of his fiscal year 2021 free cash flow bonus because he had previously deferred his maximum allocation under the Pre-IPO Plan. As described below, in December 2020, Mr. Cooper's outstanding equity interests granted or acquired under the Pre-IPO Plan, including his deferred equity units, were settled and redeemed for shares of our common stock in accordance with the terms of the Pre-IPO Plan.

Equity Interests under the Pre-IPO Plan

Each participant in the Pre-IPO Plan became a member of WMG Management Holdings, LLC ("Management LLC"), a limited liability company formed in connection with the Pre-IPO Plan's adoption, and was granted "profits interests" in Management LLC ("Profits Interests") in amounts equal to the maximum number of shares of our common stock available for issuance to the participants in settlement of his or her deferred accounts. These Profits Interests represent an economic entitlement to future appreciation in our common stock above the fair market value on the grant date. Terms and conditions of the Pre-IPO Plan with respect to the Profits Interests are described below in the narrative accompanying the "Grants of Plan-Based Awards in Fiscal Year 2021" table and under "Potential Payments upon Termination or Change In Control."

All outstanding deferred equity units and vested Profits Interests and Acquired LLC Units (as defined below) were in the case of Mr. Cooper, and will be in the case of Mr. Lousada, settled in or redeemed with shares of our common stock. All such shares of common stock distributed by Management LLC to the Pre-IPO Plan participants convert to Class A Common Stock from shares of Class B Common Stock that are currently outstanding and owned by Management LLC. Generally, a portion of each participant's vested Profits Interests becomes eligible for redemption in December of each of the sixth, seventh and eighth years following the participant's initial deferral of compensation under the plan. However, as part of the Compensation Committee's review of Mr. Lousada's compensation, the Compensation Committee amended the Pre-IPO Plan to allow Mr. Lousada to redeem certain of his vested Profits Interests in advance of their scheduled redemption dates. Specifically, the Compensation Committee amended the Pre-IPO Plan (i) on March 12, 2021 to allow Mr. Lousada to redeem 535,000 of his vested Profits Interests and (ii) on September 27, 2021 (following the end of fiscal year 2021), to allow Mr. Lousada to redeem 550,000 of his vested Profits Interests. Prior to the amendments, these Profits Interests would have eligible for redemption in December 2023 and December 2024.

As of the end of our 2021 fiscal year, assuming that all remaining interests under the Pre-IPO Plan were vested, a maximum of 5,214,051 shares of our common stock would have been issuable in redemption of outstanding deferred equity units, and a maximum of 3,071,194 shares of our common stock would have been distributable in redemption of outstanding Profits Interests (ignoring any Benchmark Amount of Profits Interests).

TABLE OF CONTENTS

On each of December 1, 2020, March 1, 2021, June 1, 2021 and September 1, 2021, we paid a cash dividend to our stockholders on all the issued and outstanding shares of our common stock. In fiscal year 2021, our NEOs who participated in the Pre-IPO Plan received dividend equivalents for cash dividends paid on our common stock.

In December 2020, all of Mr. Cooper's Profits Interests, Acquired LLC Units and deferred equity units then outstanding under the Pre-IPO Plan were redeemed for shares of our common stock in accordance with the terms of the Pre-IPO Plan, and at that time we recovered \$2.27 million from Mr. Cooper's then-outstanding deferred equity units due for all of his unrecovered added investment amounts (as defined in the Pre-IPO Plan).

Omnibus Incentive Plan

In fiscal year 2020, the Company adopted the Omnibus Incentive Plan, under which our directors and employees, including our NEOs, are eligible to receive awards.

Long-Term Incentive Awards Granted to NEOs in Fiscal Year 2021

In January 2021, the Compensation Committee made a grant of long-term incentives to certain of our NEOs, referred to below as the "FY 2021 Awards."

The FY 2021 Awards consist of restricted stock units ("RSUs"), each representing the right to acquire on vesting one share of our common stock. The RSUs vest on the fourth anniversary of the date of grant, subject to the grantee's continued employment with the Company. Following a qualifying retirement, the RSUs will remain outstanding and will settle into shares of our common stock on the scheduled vesting dates subject to the grantee's continued noncompetition with the Company.

The number of RSUs granted to our NEOs was determined based on an evaluation of the overall mix of base pay and long-term incentives for these NEOs following the IPO and an assessment of compensation data among similarly situated executives at our competitors. We believe that the RSUs and their accompanying vesting schedule will align the interests of the NEOs and shareholders, and help us retain executives who are critical to the successful execution of our business strategy.

The FY 2021 Awards granted to Messrs. Cooper, Levin and Moot and Ms. Marshall consisted of the number of RSUs set forth in the following table:

Name	RSUs
Stephen Cooper	189,856
Eric Levin	27,122
Carianne Marshall	13,561
Guy Moot	13,561

Mr. Lousada did not receive FY 2021 Awards because he continued to participate in the Pre-IPO Plan during fiscal year 2021.

Long-Term Incentive Awards Granted to NEOs in Fiscal Year 2022

In January 2022, following the end of our 2021 fiscal year, the Compensation Committee made a grant of long-term incentives to certain of our NEOs, referred to below as the "FY 2022 Awards."

The FY 2022 Awards consist of restricted stock units ("RSUs"), having terms substantially consistent with the FY 2021 awards described above.

The FY 2022 Awards granted to Messrs. Cooper, Levin and Moot and Ms. Marshall consisted of the number of RSUs set forth in the following table:

Name	RSUs
Stephen Cooper	165,796 ⁽¹⁾
Eric Levin	23,685
Carianne Marshall	11,843
Guy Moot	11,843

(1) In addition to his FY 2022 Award, Mr. Cooper received a grant of 214,965 RSUs in January 2022 under the Omnibus Incentive Plan, representing his annual discretionary bonus for fiscal year 2021.

Mr. Lousada did not receive FY 2022 Awards because he continued to participate in the Pre-IPO Plan following the end of our 2021 fiscal year.

Tax Deductibility of Compensation and Other Tax Considerations

Where appropriate, and after taking into account various considerations, including that certain incentives may have competing advantages, we structure our executive employment arrangements and compensation programs to allow us to take a tax deduction for the full amount of the compensation we pay to our executives.

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), limits tax deductions relating to executive compensation of certain executives of publicly held companies. For fiscal year 2021, the Compensation Committee reviewed and considered the deductibility of executive compensation under Section 162(m) of the Code. However, it is expected that the Compensation Committee will authorize compensation payments that are not deductible for federal income tax purposes when the Committee believes that such payments are appropriate to attract, retain and incentivize executive talent.

Benefits

Our NEOs also receive health coverage, life insurance, disability benefits and, generally, other similar benefits in the same manner as our U.S. employees and, in the case of Mr. Lousada, U.K. employees of equivalent status.

Retirement Benefits

We offer a tax-qualified 401(k) plan to our U.S. employees and we offer a non-qualified deferred compensation plan to select employees of the Company as determined by the Compensation Committee. All of our NEOs were eligible to participate in the non-qualified deferred compensation plan during fiscal year 2021, but none elected to do so.

In accordance with the terms of the Company’s 401(k) plan, the Company matches after one year of service, in cash, 50% of the first 6% of each plan participant’s contributions to the plan, up to 3% of eligible pay, with a limit of up to \$8,700 in 2021, whichever is less. Employees can contribute up to the maximum IRS pre-tax deferral of \$19,500 in 2021 (with a catch up of \$6,500 in 2021 in the case of participants age 50 or greater), whichever occurs first. The matching contributions made by the Company are initially subject to vesting, based on continued employment, with 25% scheduled to vest on each of the second through fifth anniversaries of the employee’s date of hire.

Beginning in calendar year 2022, the Company will match 50% of the first 8% of each plan participant’s contributions to the Company’s 401(k) plan, up to 4% of eligible pay. The Company match will begin immediately upon the participant’s enrollment in the plan, and will vest over three years of service rather than five years.

Additionally, the Company offers a defined contribution pension scheme for U.K. employees, including, in fiscal year 2021, Mr. Lousada.

Perquisites

We generally do not provide perquisites to our NEOs, although, in fiscal year 2021, Mr. Lousada and Mr. Moot received a car allowance, and Messrs. Lousada and Moot were reimbursed for certain tax preparation costs and received employer contributions with respect to private medical insurance, life assurance and income protection. See the Summary Compensation Table below for a summary of compensation received by our NEOs, including any perquisites received in fiscal year 2021.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the CD&A included in this Proxy Statement with members of management, and based on such review and discussions, the Compensation Committee recommended to the board of directors that the CD&A be included in this proxy statement.

Fiscal Year 2021 Grants of Plan-Based Awards Table

The following table sets forth information concerning grants of plan-based awards to each of the Named Executive Officers during the fiscal year 2021. In January 2021, our Compensation Committee granted RSUs to certain of our NEOs. See “Compensation Discussion & Analysis — Long-Term Equity Incentives.”

Name	Grant Date	Award Type	All Other Stock Awards; Number of Shares of Stock or Units (#)	Grant Date Fair Value of Stock and Option Awards (\$) ⁽¹⁾
Mr. Cooper	01/12/2021	RSU	189,856	\$6,627,873
Mr. Levin	01/04/2021	RSU	27,122	\$ 999,988
Ms. Marshall	01/04/2021	RSU	13,561	\$ 499,994
Mr. Moot	01/04/2021	RSU	13,561	\$ 499,994

(1) The grant date fair value is based on a price per share of (i) \$36.87, which was the closing price of our Class A Common Stock on January 4, 2021, for Messrs. Levin and Moot and Ms. Marshall and (ii) \$34.91, which was the closing price of our common stock on January 12, 2021, for Mr. Cooper. Mr. Lousada did not receive FY 2021 Awards because he continued to participate in the Pre-IPO Plan during fiscal year 2021.

Under the Pre-IPO Plan as in effect prior to the IPO, deferred accounts and vested Profits Interests were to be settled, in shares of our common stock or with a cash payment equal to the then fair market value of the shares. Any shares received on settlement of deferred accounts were required to be immediately exchanged for fully vested equity units (“Acquired LLC Units”) in Management LLC. In fiscal year 2020, the Pre-IPO Plan and the LLC Agreement associated with the Pre-IPO Plan were amended to provide that, following the IPO, the Pre-IPO Plan participants no longer have the option to settle deferred accounts or Profits Interests in cash or to be paid in cash for redemption of their vested interests in Management LLC. As a result, all deferred equity units and vested Profits Interests and Acquired LLC Units were, in the case of Mr. Cooper, and will be, in the case of Mr. Lousada, settled in or redeemed with shares of our common stock, which were converted in the case of Mr. Cooper, or will convert in the case of Mr. Lousada, Class A Common Stock from shares of outstanding Class B Common Stock then owned by Management LLC.

Mr. Cooper’s outstanding Profits Interests and Acquired LLC Units were redeemed in December 2020, and at that time we recovered \$2.27 million from his deferred equity units due for all of his then-outstanding unrecovered added investment amounts (as defined in the Pre-IPO Plan). As described above, the Compensation Committee permitted Mr. Lousada to redeem a portion of his vested Profits Interests during fiscal year 2021. Mr. Lousada’s remaining Profits Interests will be redeemed in December 2025, or in 2023 and 2024 at his election.

As a condition to the grant of Profits Interests to our NEOs who elected to participate in the Pre-IPO Plan, each of them agreed to restrictive covenants in the LLC Agreement associated with the Pre-IPO Plan, including non-competition with the businesses of the Company and its subsidiaries during the participant’s term of employment, non-solicitation of certain artists, labels and employees during the participant’s term of employment and for one year afterwards, as well as obligations of non-disparagement and confidentiality.

In addition to his FY 2021 Award, Mr. Cooper received a grant of 214,965 RSUs under the Omnibus Incentive Plan in January 2022, representing his annual discretionary bonus for fiscal year 2021. See “Summary of NEO Employment Arrangements—Employment Arrangements with Stephen Cooper” below.

Summary of NEO Employment Arrangements

This section describes employment arrangements in effect for our NEOs during fiscal year 2021. Potential payments under the severance agreements and arrangements described below are provided in the section entitled “Potential Payments upon Termination or Change In Control.” In addition, for a summary of the meanings of “cause” and “good reason” as discussed below, see “Termination for ‘Cause’” and “Resignation for ‘Good Reason’ or without ‘Good Reason’” below.

Employment Arrangements with Stephen Cooper

As noted above, Mr. Cooper was not party to an employment agreement during fiscal year 2021. On January 12, 2021, the Company updated the employment terms with Mr. Cooper to provide for, among other terms, annual long-term incentive awards intended to preserve alignment between Mr. Cooper's compensation and the Company's performance. Beginning with our 2021 fiscal year and retroactive to October 1, 2020, Mr. Cooper's employment terms include (i) an annual base salary of \$3,000,000; (ii) a target annual bonus of \$7,000,000, with the actual amount to be determined by the Compensation Committee, payable in the form of a number of RSUs based on the average daily closing price of our common stock during the preceding fiscal year, which will be granted after completion of each fiscal year (i.e., when other NEO bonuses are paid); and (iii) an annual grant of RSUs having a grant date value of \$7,000,000 (see "Long-Term Equity Incentives—Long-Term Incentive Awards Granted to NEOs in Fiscal Year 2021"). The RSUs granted to Mr. Cooper in respect of his annual bonus and annual long-term incentive awards have the same vesting conditions and other terms as the FY 2021 Awards described above. For purposes of determining Mr. Cooper's eligibility for a qualifying retirement with respect to his RSUs, his service and employment with the Company includes his service as a director and consultant. Mr. Cooper's employment continues to be at-will.

Employment Agreement with Eric Levin

During fiscal year 2021, Mr. Levin was party to an employment agreement with us that provided, among other things, for the following:

- (1) the term of Mr. Levin's employment agreement ends on September 30, 2025;
- (2) Mr. Levin's base salary for fiscal year 2021 was \$1,000,000 and his target bonus was \$1,000,000; and
- (3) Mr. Levin is eligible for an annual grant of long-term incentive awards with a target value of \$1,000,000 per year.

The above terms reflect amendments we made to Mr. Levin's employment agreement during fiscal year 2021. Prior to the amendment, which took effect on October 1, 2020, Mr. Levin's agreement provided for a base salary of \$850,000 and a target annual bonus of \$850,000, and did not provide for an annual grant of long-term incentive awards.

In the event we terminate his employment for any reason other than for "cause" (as defined in his employment agreement), Mr. Levin will be entitled to cash severance benefits equal to his annual base salary, as well as a portion of his annual target bonus, pro-rated in good faith for the year of his termination, except that if we elect to not renew his employment agreement at the end of its term, he will be paid \$600,000. Prior to the amendment, Mr. Levin's employment agreement provided for cash severance benefits equal to his annual base salary upon a termination other than for "cause" or non-renewal of the agreement.

Mr. Levin's employment agreement also contains standard covenants relating to confidentiality and a one-year post-employment non-solicitation covenant.

Employment Agreement with Max Lousada

During fiscal year 2021, Mr. Lousada was party to an employment agreement with us that provided, among other things, for the following:

- (1) the term of Mr. Lousada's employment agreement ends on September 30, 2022;
- (2) Mr. Lousada's base salary for fiscal year 2021 was \$5,476,000 (£4,000,000);
- (3) eligibility to participate in the Pre-IPO Plan; and
- (4) eligibility to participate in the defined contribution pension plan for U.K. employees, along with company matching contributions of up to 10% of Mr. Lousada's base salary.

In the event we terminate his employment for any reason other than "cause" (as defined in his employment agreement) or he is constructively dismissed, Mr. Lousada will be entitled to cash severance benefits equal to \$8,214,000 (£6,000,000).

Mr. Lousada's employment agreement also contains covenants relating to confidentiality, a six-month post-employment non-compete and a one-year post-employment non-solicitation covenant.

Employment Agreement with Carianne Marshall

For fiscal year 2021, Ms. Marshall was party to an employment agreement with us that provided, among other things, for the following:

- (1) the term of Ms. Marshall’s employment agreement ends on March 31, 2024; and
- (2) Ms. Marshall’s base salary for fiscal year 2021 was \$1,250,000, and her target bonus was \$1,750,000.

Her employment agreement also provides that Ms. Marshall will be offered the opportunity to participate in any long-term incentive plan of the Company, including our Omnibus Incentive Plan.

In the event we terminate her employment for any reason other than for “cause” (as defined in her employment agreement), death or disability or if Ms. Marshall terminates her employment for “good reason” (as defined in her employment agreement), Ms. Marshall will be entitled to severance benefits equal to 15 months of her annual base salary plus a discretionary pro-rated bonus (as determined by the Company in good faith) and continued participation in the Company’s group health and life insurance plans for the month of termination. However, if we elect to not renew her employment agreement at the end of its term, she will be paid the severance that would be payable to her under our severance policy if she did not have an employment agreement.

Ms. Marshall’s employment agreement also contains standard covenants relating to confidentiality and a one-year post-employment non-solicitation covenant.

Employment Agreement with Guy Moot

For fiscal year 2021, Mr. Moot was party to an employment agreement with us that provided, among other things, for the following:

- (1) the term of Mr. Moot’s employment agreement ends on March 31, 2024; and
- (2) Mr. Moot’s annual base salary was \$1,750,000, and his target bonus was the same amount.

His employment agreement also provides that Mr. Moot will be offered the opportunity to participate in any long-term incentive plan of the Company, including our Omnibus Incentive Plan.

In the event we terminate his employment for any reason other than for “cause” (as defined in his employment agreement), death or disability or if Mr. Moot terminates his employment for “good reason” (as defined in his employment agreement), Mr. Moot will be entitled to severance benefits equal to 18 months of his annual base salary plus a discretionary prorated bonus (as determined by the Company in good faith), up to \$75,000 in relocation assistance to move from Los Angeles, California to London, U.K. and continued participation in the Company’s group health and life insurance plans for the month of termination. However, if we elect to not renew his employment agreement at the end of its term, he will be paid 12 months of annual base salary.

If Mr. Moot resigns without “good reason” or is terminated for “cause” before the second anniversary of his relocation to Los Angeles, California, he will be required to repay all or a portion of the relocation assistance and related tax gross-up he received from the Company in connection with his relocation.

Mr. Moot’s employment agreement also contains standard covenants relating to confidentiality and a one-year post-employment non-solicitation covenant.

Pursuant to the Pre-IPO Plan and Mr. Lousada's election, his deferred equity units and Profits Interests will not be settled or redeemed until the scheduled redemption dates or, if earlier, termination of his employment. See the descriptions in the narratives accompanying the "Grants of Plan-Based Awards in Fiscal Year 2021" table above and below under "Potential Payments upon Termination or Change In Control." The Compensation Committee amended the Pre-IPO Plan to allow Mr. Lousada to redeem a portion of his vested Profits Interests prior to the scheduled redemption dates (see "Long-Term Equity Incentives— Equity Interests under the Pre-IPO Plan").

Nonqualified Deferred Compensation

The following table provides information concerning the deferred accounts of our NEOs under the Pre-IPO Plan for fiscal year 2021:

Potential Payments upon Termination or Change In Control

We have entered into employment arrangements that, by their terms, will require us to provide compensation and other benefits to our NEOs if their employment terminates or they resign under specified circumstances. In addition, the Pre-IPO Plan provides for certain payments upon a participant's termination of employment or a change in control of the Company.

The following discussion summarizes the potential payments upon a termination of employment in various circumstances. The amounts discussed apply the assumption that employment terminated on September 24, 2021 and the NEO does not become employed by a new employer or return to work for the Company, or that a change in control occurred on September 24, 2021. The discussion that follows addresses each of our NEOs. See "Summary of NEO Employment Arrangements" above for a description of their respective agreements. The value of a share of our common stock applied to this discussion was \$44.21, which was the closing price of our common stock on September 24, 2021, the last business day of fiscal year 2021.

Estimated Benefits upon Termination for "Cause" or Resignation Without "Good Reason"

In the event an NEO is terminated for "cause," or resigns without "good reason" as such terms are defined below, the NEO is only eligible to receive compensation and benefits accrued through the date of termination. Therefore, no amounts other than accrued amounts would be payable to Messrs. Lousada, Levin and Moot and

TABLE OF CONTENTS

Ms. Marshall in this instance pursuant to their employment arrangements. Mr. Cooper does not have an employment arrangement with the Company that provides for benefits from the Company if he is terminated for “cause” or he resigns without “good reason” (except under the Omnibus Incentive Plan as described below).

Estimated Benefits upon Termination without “Cause” or Resignation for “Good Reason”

Upon termination without “cause” or resignation for “good reason,” Messrs. Lousada, Levin and Moot and Ms. Marshall are entitled to contractual severance benefits payable on termination plus, in the case of Ms. Marshall and Mr. Moot, a pro-rated annual bonus for the year of termination.

The terms of the FY 2021 Awards granted to our NEOs provide that if the grantee’s employment is terminated by the Company without “cause” or, if the grantee is party to an employment agreement or offer letter with the Company that contains a “good reason” definition, by the grantee for “good reason,” then, to the extent then unvested, a pro rata portion of the FY 2021 Awards will vest based on the portion of the vesting period that has elapsed as of the date of the termination. However, if the participant’s employment terminates in a “qualifying retirement,” then, subject to the participant’s compliance with the restrictive covenants set forth in their award agreement, all of the participant’s outstanding unvested FY 2021 Awards will remain outstanding and will become vested on their originally scheduled vesting date, or if sooner, upon the occurrence of a change in control or the participant’s disability or death. For purposes of the FY 2021 Awards, a “qualifying retirement” means a termination of employment after the participant has attained age 60 and completed at least 10 years of service with the company.

Although annual free cash flow bonuses under the Pre-IPO Plan are generally contingent upon the participant being employed with the Company on the date of payment, if, after the first quarter of a fiscal year, the employment of a Pre-IPO Plan participant (including, in fiscal year 2021, Mr. Lousada) is terminated by the Company without “cause”, by the participant for “good reason” or due to death or “disability,” the participant will be entitled under the Pre-IPO Plan to a pro rata free cash flow bonus in respect of the year in which such event occurs (as such terms are defined in the Pre-IPO Plan).

None of our NEOs is entitled to any additional severance upon a termination in connection with a change in control.

Name	Salary (other than accrued amounts) ⁽¹⁾	Bonus ⁽²⁾	Value of Deferred Compensation ⁽³⁾	Acceleration of Profits Interests ⁽⁴⁾	Acceleration Of Restricted Stock Units ⁽⁵⁾	Benefits	Total
Stephen Cooper	—	—	—	—	\$8,393,534	—	\$ 8,393,534
Eric Levin	\$1,000,000	\$1,219,300	—	—	\$ 215,848	—	\$ 2,435,148
Max Lousada ⁽⁶⁾	\$8,214,000	\$2,400,000	\$115,256,605	—	—	—	\$125,870,605
Carianne Marshall	\$1,562,500	\$1,950,200	—	—	\$ 107,924	—	\$ 3,620,624
Guy Moot	\$2,625,000	\$1,950,200	—	—	\$ 107,924	—	\$ 4,683,124

- (1) For Messrs. Levin, Lousada and Moot and Ms. Marshall, the amount represents the severance payable to them on such a qualifying termination.
- (2) For Mr. Levin, Ms. Marshall and Mr. Moot, represents the actual fiscal year 2021 annual bonus paid assuming the Company in its good-faith discretion determined to pay that amount. For Mr. Lousada, represents a pro rata amount of the annual free cash flow bonus payable under the Pre-IPO Plan (or, since the termination date is assumed to be September 24, 2021, his full fiscal year 2021 annual free cash flow bonus, which was \$2,180,000) and an additional discretionary cash bonus of \$220,000, representing his actual fiscal year 2021 discretionary bonus assuming the Company in its good-faith discretion determined to pay that amount.
- (3) Reflects the value of vested deferred equity units that would be settled on a termination of employment without “cause” or by the NEO for “good reason.”
- (4) Profits Interests will not accelerate on a termination of employment that is not in connection with a change in control of the Company. This table does not include vested Profits Interests held by the NEOs.
- (5) Reflects the value of unvested RSUs that would accelerate on a termination of employment without “cause” or by the NEO for “good reason” on September 24, 2021, the last business day of fiscal year 2021, based on a price per share of \$44.21, which was the closing price of our common stock on that date. For Mr. Cooper, reflects the value of all of his outstanding unvested RSUs as of September 24, 2021, because his termination on such date would represent a “qualifying retirement” under the terms of his awards. For each other NEO, the amount reflects a pro rata portion of the NEO’s outstanding FY 2021 Awards based on the portion of the vesting period that had elapsed as of September 24, 2021.
- (6) The amounts reported for Mr. Lousada have been converted from British pound sterling to U.S. dollars using a conversion factor of 1.369.

Estimated Benefits in Connection with a Change in Control

As a participant in the Pre-IPO Plan during fiscal year 2021, Mr. Lousada was entitled to additional payments upon a change in control in respect of the amounts deferred under the Pre-IPO Plan and the Profits Interests granted to him.

Name	Value of Deferred Compensation ⁽¹⁾	Acceleration of Profits Interests	Total
Max Lousada	\$115,256,605	\$—	\$115,256,605

(1) Represents the value of the NEO's deferred equity units that were vested and outstanding on September 24, 2021, based on the value of our common stock as of such date.

Upon a change of control of the Company and upon certain sales of shares of our common stock underlying Profits Interests and Acquired LLC Units, distributions will be made in respect of Profits Interests (to the extent of their liquidation value) and Acquired LLC Units.

Vesting of awards granted under the Omnibus Incentive Plan will not be accelerated upon a change in control of the Company if the awards are assumed or replaced with substitute awards that have the same or better terms and conditions and provide for full acceleration on a participant's involuntary termination of employment without "cause" or for "good reason" within 12 months following the change in control. The amounts shown above assume that all outstanding awards granted under the Omnibus Incentive Plan were assumed or replaced by economically equivalent alternative awards of the successor to the Company in the change in control and were therefore not accelerated. Therefore, no amount is included in the table above with respect to awards granted under the Omnibus Incentive Plan. If a change in control occurred on September 24, 2021 in which these awards were not assumed or replaced by economically equivalent awards, the outstanding FY 2021 Awards would accelerate fully as of the date of the change in control, resulting in benefit amounts of \$8,393,534 for Mr. Cooper, \$1,199,064 for Mr. Levin, \$599,532 for Ms. Marshall and \$599,532 for Mr. Moot.

Estimated Benefits upon Death or Disability

The table below sets forth the amounts payable to our NEOs as a result of death or disability.

Death. FY 2021 Awards become fully vested upon the grantee's death. For each of our NEOs, other than accrued benefits and, in the case of Mr. Lousada under the Pre-IPO Plan, no other benefits are provided in connection with such NEO's death. Also, for Ms. Marshall and Mr. Moot, the amount shown in this table represents the actual fiscal year 2021 bonus paid assuming the Company in its good-faith discretion determined to pay that amount.

Disability. FY 2021 Awards become fully vested upon the grantee's disability. For each of our NEOs, other than accrued benefits and short-term disability amounts and, in the case of Mr. Lousada under the Pre-IPO Plan, no other benefits are provided in connection with such NEO's disability. Also, for Ms. Marshall and Mr. Moot, the amount shown in this table represents the actual fiscal year 2021 bonus paid assuming the Company in its good-faith discretion determined to pay that amount.

Name	Bonus ⁽¹⁾	Value of Deferred Compensation ⁽²⁾	Acceleration of Profits Interests ⁽³⁾	Acceleration of RSUs ⁽⁴⁾	Total
Stephen Cooper	—	—	—	\$8,393,534	\$ 8,393,534
Eric Levin	—	—	—	\$1,199,064	\$ 1,199,064
Max Lousada	\$2,400,000	\$115,256,605	—	—	\$117,656,605
Carianne Marshall	\$1,950,200	—	—	\$ 599,532	\$ 2,549,732
Guy Moot	\$1,950,200	—	—	\$ 599,532	\$ 2,549,732

(1) For Ms. Marshall and Mr. Moot, represents the actual fiscal year 2021 annual bonus paid assuming the Company in its good-faith discretion determined to pay that amount. For Mr. Lousada, represents a pro rata amount of the annual free cash flow bonus payable under the Pre-IPO Plan (or, since the termination date is assumed to be September 24, 2021, his full fiscal year 2021 annual free cash flow bonus, which was \$2,180,000), and an additional discretionary cash bonus of \$220,000, representing his actual fiscal year 2021 discretionary bonus assuming the Company in its good-faith discretion determined to pay that amount.

(2) Represents the value of deferred equity units that were vested and outstanding on September 24, 2021, based on the value of our common stock as of such date.

(3) This table does not include vested Profits Interests held by Mr. Lousada. Profits Interests will not accelerate on a termination of employment that is not in connection with a change in control of the Company.

(4) Reflects the value of unvested RSUs that would accelerate upon the NEO's termination of employment as a result of death or disability on September 24, 2021 based on a price per share of \$44.21, which was the closing price of our common stock on that date.

Relevant Provisions of Employment Arrangements

Upon termination of employment for any reason, all of our employees, including our NEOs, are entitled to unpaid salary and vacation time accrued through the termination date.

Termination for “Cause”

Under the terms of his employment agreement (and for purposes of the Pre-IPO Plan), we generally would have “cause” to terminate the employment of Mr. Lousada in any of the following circumstances: (1) serious or repeated breach of any of his material obligations; (2) refusing to carry out any lawful and reasonable order given to him or failing to attend to his duties; (3) committing any financially dishonest or fraudulent act relating to the Company or its affiliates; (4) conviction of a crime that is punishable by imprisonment; (5) guilty of gross misconduct or of any other conduct which brings or is likely to bring serious professional discredit to the Company; (6) inability to perform his duties by reason of ill-health or accident for a specified period; (7) becoming of unsound mind and a patient for the purpose of any statute relating to mental health; (8) a petition or application for an order in bankruptcy is presented by or against him or any person becomes entitled to petition or apply for any such order; (9) a disqualification order (as defined in Section 1 of the Directors Disqualification Act 1986) is made against him or he otherwise becomes prohibited by law from being a member of the board of directors of Warner Music International Services Limited; and (10) if he voluntarily resigns as a member of the board of directors of Warner Music International Services Limited. In the event of (1) or (2) that is curable, we are required to notify Mr. Lousada of such circumstances and give him a reasonable opportunity to cure.

Under the terms of their employment agreements, we generally would have “cause” to terminate the employment of Messrs. Levin or Moot or Ms. Marshall in any of the following circumstances: (1) repeated and continual refusal to perform his or her duties under the employment agreement; (2) engaging in willful malfeasance that has a material adverse effect on the Warner Music Inc. or its affiliates, including the Company; (3) breach of his or her covenants in his or her employment agreement; and (4) conviction of a felony or entered a plea of nolo contendere to a felony charge.

Resignation for “Good Reason” or without “Good Reason”

For purposes of the Pre-IPO Plan, Mr. Lousada generally would have “good reason” to terminate employment in any of the following circumstances: (1) if his salary or annual bonus percentage under the Pre-IPO Plan is materially reduced; (2) if we fail to pay him any salary which has become payable and due to him; or (3) our failure to pay him any entitlement that has become payable and due under the Pre-IPO Plan. Mr. Lousada is required to notify us within 30 days after becoming aware of the occurrence of any event that constitutes “good reason,” and in general we have 30 days to cure the event, but failing a cure, he must terminate his employment within 30 days after the cure period expires.

Our employment agreements with Mr. Moot and Ms. Marshall provide that he or she generally would have “good reason” to terminate employment in any of the following circumstances: (1) if we assign duties inconsistent with his or her current positions, duties or responsibilities or if we change the parties to whom he or she reports; (2) if we fail to pay any amounts due under the employment agreement; (3) if we relocate him or her beyond a specified area; and (4) if we assign the Company’s obligations under the employment agreement to a non-affiliate (except, in Ms. Marshall’s case, if the assignment is in connection with a sale, transfer or disposition of all or a substantial portion of the stock or assets of Warner Chappell Music, Inc. or its direct or indirect parent). Our employment agreement with Mr. Levin does not include “good reason” termination provisions.

Restrictive Covenants

Our agreements with our NEOs contain several important restrictive covenants with which an executive must comply following termination of employment. For example, Mr. Lousada’s entitlement to payments under the Pre-IPO Plan are conditioned on his compliance with covenants not to solicit certain of our artists and employees. This non-solicitation covenant continues in effect during a period that will end one year following his termination of employment.

Messrs. Levin’s and Moot’s and Ms. Marshall’s employment agreements and the Pre-IPO Plan for Mr. Lousada also contain covenants regarding non-disclosure of confidential information.

In consideration for his continued service to the Company, the Board determined that Mr. Lee’s restricted stock award for fiscal year 2021 would remain outstanding and subject to continued vesting during his service as Director Emeritus.

Stock Ownership

We have implemented a stock ownership policy under which our non-employee directors who are not affiliated with Access are required to hold four times the value of their annual cash retainer in Company stock (which includes unvested restricted stock). The directors are required to retain 100% of any net shares (after the payment of taxes) received as compensation until the ownership requirement is achieved.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal year 2021, none of the Company's executive officers served on the board of directors, the compensation committee or any similar committee of another entity of which an executive officer served on the board of directors or the compensation committee.

(1) Shares of our Class A Common Stock issuable under the Warner Music Group Corp. 2020 Omnibus Incentive Plan.

(2) Shares of our Class A Common Stock represented by (x) 5,214,051 deferred equity units under the Second Amended and Restated Warner Music Group Corp. Senior Management Free Cash Flow Plan; and (y) 3,071,194 Class B Units of WMG Management Holdings, LLC, ("Management LLC"). Pursuant to the terms of the Second Amended and Restated Limited Liability Company Agreement of Management LLC, as amended, the Class B Units are redeemable for a number of shares of our Class B Common Stock equal to 3,071,194 less a number of shares of our Class B Common Stock having a value equal to \$9,791,653, which is the sum of the benchmark amounts of the Class B Units. Shares of Class B Common Stock issued in redemption of Class B Units will immediately and automatically convert to shares of our Class A Common Stock on a one-for-one basis. The total number of shares of our Class B Common Stock issuable in respect of outstanding Class B Units as reflected in column (a) above is based on the closing price for a share of our Class A Common Stock on the last day of the Company's 2021 fiscal year.

CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of our CEO:

To determine the estimated ratio of CEO pay to median employee pay in accordance with Item 402(u) of Regulation S-K, we considered our entire global employee population of approximately 5,900 employees who were on the payroll as of September 24, 2021. We then used base salary paid during fiscal year 2021 as the form of compensation to determine our median employee. We identified our median employee, whose total compensation, calculated in accordance with the rules applicable to the Summary Compensation Table as provided in Item 402(u) (2) of Regulation S-K, was \$59,800 in fiscal year 2021 (this amount has been converted from Euros to U.S. dollars using a conversion factor of 1.196).

The CEO pay used for purposes of calculating this pay ratio is \$10,744,727, which is the annual total compensation of our CEO as reported in the Summary Compensation Table. As a result, the reasonable estimated ratio of CEO pay to median employee pay, calculated in a manner consistent with Item 402(u) of Regulation S-K is 180 to 1.

The SEC's pay ratio disclosure rules permit the use of estimates, assumptions and adjustments. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above. Pay ratios vary from one company to another due to a variety of factors, including differences in the geographic distribution of their workforces, the breadth of work functions performed by company employees, and the relative share of salaried versus hourly employees.

Board and Corporate Governance Practices

We believe that effective corporate governance policies and practices help the Company deliver sustainable, long-term value to our stockholders.

These policies and practices are contained in our governance documents, including our Fourth Amended and Restated Certificate of Incorporation (the "[Certificate of Incorporation](#)"), Fourth Amended and Restated Bylaws (the "[Bylaws](#)"), Corporate Governance Guidelines and Committee charters. This section describes the key features of the Board practices and corporate governance program.

Board Leadership Structure

The Board is currently composed of eleven directors. Our directors will be elected annually to serve until the next annual meeting of stockholders or until their successors are duly elected and qualified, or until his or her earlier death, resignation or removal. The Board is led by our non-executive Chairman, Michael Lynton.

Subject to the provisions of the Stockholder Agreement, the number of directors on the Board may be fixed by majority vote of the members of the Board. Any vacancy in the Board that results from (x) the death, disability, resignation or disqualification of any director shall be filled by an affirmative vote of at least a majority of the directors then in office, even if less than a quorum, or by a sole remaining director; and (y) an increase in the number of directors or the removal of any director shall be filled (a) until the first date on which Access ceases to beneficially own more than 50% of the total combined voting power of our common stock, solely by an affirmative vote of the holders of at least a majority of the total combined voting power of our outstanding common stock entitled to vote in an election of directors; and (b) from and after the first date on which Access ceases to beneficially own more than 50% of the total combined voting power of our common stock, by an affirmative vote of at least a majority of the directors then in office, even if less than a quorum, or by a sole remaining director.

Director Nominations

Nominations for election as a director at our annual meetings of stockholders may be made by the Board in the Company's notice of meeting or any supplement thereto, or by a stockholder or stockholders in compliance with the advance notice provisions set forth in the Company's Bylaws. The Nominating and Corporate Governance Committee recommends director nominees and may identify potential nominees through a variety of means, including referrals from current directors, executive officers and stockholders or recommendations from professional search firms. In recommending candidates for nomination by the Board, the Nominating and Corporate Governance Committee takes into consideration the candidate's skills and qualifications, Nasdaq listing requirements, the ability of candidates to enhance the diversity of the Board as a whole and any other criteria the Board may establish from time to time. The Nominating and Corporate Governance Committee will consider candidates recommended by stockholders.

Director Independence

As required by Nasdaq rules, the Board considers annually whether each of its members is "independent" for purposes of Nasdaq rules. Those rules provide that a director is "independent" if the Board determines that the director does not have any direct or indirect material relationship with the Company.

The Board has affirmatively determined, after considering all of the relevant facts and circumstances, that Messrs. Lynton, Döpfner and Kreiz and Ms. Dubuc, Hertz and Kurzman are "independent" as defined under Nasdaq listing standards. This determination was based, in part, on detailed information provided by each director regarding his or her business and professional relationships, and those of his or her family members, with the Company and those entities with which we have significant business or financial interactions.

We are a "controlled company" within the meaning of Nasdaq corporate governance standards. Under Nasdaq rules, a company of which more than 50% of the voting power is held by an individual, group or another company is a "controlled company" and may elect not to comply with certain Nasdaq corporate governance standards, including:

- the requirement that a majority of the members of the board of directors be independent directors;
- the requirement that we have a compensation committee that is composed entirely of independent directors;

TABLE OF CONTENTS

- the requirement that the nominating and corporate governance committee be composed entirely of independent directors; and the requirement for an annual performance evaluation of the nominating and corporate governance and compensation committees.

We use some of these exemptions. The “controlled company” exception does not modify audit committee independence requirements of Rule 10A-3 under the Exchange Act and Nasdaq rules.

Executive Sessions

Executive sessions, which are meetings of the non-management members of the Board, are regularly scheduled. In addition, at least once a year, the independent directors are afforded the opportunity to meet in a private session that excludes management and non-independent directors. At each of these meetings, the non-management and independent directors in attendance, as applicable, will determine which member will preside at such session. Committees of the Board, as described more fully below, also meet periodically in executive session.

Oversight of Risk Management

On behalf of the Board, the Audit Committee is responsible for oversight of the Company’s risk management and assessment guidelines and policies. We are exposed to a number of risks including financial risks, operational risks and risks relating to regulatory and legal compliance. The Audit Committee discusses with management and the independent auditors the Company’s major financial risk exposures and the steps management has taken to monitor and control such exposures, including the guidelines and policies to govern the process by which risk assessment and risk management are undertaken. The Company’s Chief Compliance Officer and Head of Internal Audit are responsible for the Company’s risk management function and regularly work closely with the Company’s senior executives to identify risks material to the Company. Both the Chief Compliance Officer and the Head of Internal Audit report regularly to the Chief Financial Officer, the Chief Executive Officer and the Audit Committee regarding the Company’s risk management policies and procedures. In that regard, both the Chief Compliance Officer and Head of Internal Audit regularly meet with the Audit Committee to discuss the risks facing the Company, highlighting any new risks that may have arisen since they last met. The Audit Committee also reports to the Board to apprise them of their discussions with the Chief Compliance Officer and Head of Internal Audit regarding the Company’s risk management efforts. In addition, the Board receives management updates on our business operations, financial results and strategy and, as appropriate, discusses and provides feedback with respect to risks related to those topics.

Information about the Board Committees

The Board has designated five standing Board Committees to assist the Board in carrying out its duties: Audit; Compensation; Executive; Finance; and Nominating and Corporate Governance. Each of the Audit, Compensation and Nominating and Corporate Governance Committees has a Board-approved, written charter, which describes that Committee’s role and responsibilities. Current, printable copies of the charters of the Audit, Compensation and Nominating and Corporate Governance Committees, are posted on our website at <https://investors.wmg.com/corporate-governance/committee-composition>. The Committee Chairs approve the meeting agendas for their respective Committees.

Each Committee regularly reports on the matters discussed during its meetings to the full Board and presents recommendations on actions requiring Board approval. On an annual basis, each Committee will conduct an evaluation of its performance and will review the adequacy of and propose changes to its charter for Board approval. The process for annual evaluation is considered and determined each year by the Nominating and Corporate Governance Committee and generally includes a review of significant Board and Committee matters over the past year, discussions held in executive sessions regarding Board and Committee performance and development of an action plan for future implementation. From time to time, the Nominating and Corporate Governance Committee may engage an external third-party resource to facilitate the annual evaluation. Each Committee has full authority to retain, at the Company’s expense, independent advisors or consultants. The table below provides additional information about the Committees, including their composition, number of meetings held in fiscal year 2021 and their primary roles and responsibilities, including their roles in the oversight of risk management.

Certain Relationships and Related Person Transactions

Policies and Procedures for Related Person Transactions

Pursuant to the terms of the Related Person Transaction Policy, the Board, acting through the Audit Committee, must review and decide whether to approve or ratify any Related Person Transaction. Any potential Related Person Transaction is required to be reported to our legal department, which will then determine whether it should be submitted to the Audit Committee for consideration. The Audit Committee must then review and decide whether to approve any Related Person Transaction.

For the purposes of the Related Person Transaction Policy, a “Related Person Transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we were, are or will be a participant and the amount involved exceeds \$120,000, and in which any Related Person had, has or will have a direct or indirect material interest.

A “Related Person,” as defined in the Related Person Transaction Policy, means any person who is, or at any time since the beginning of our last fiscal year was, a director or executive officer of WMG or a nominee to become a director of WMG; any person who is known to be the beneficial owner of more than five percent of our common stock; any immediate family member of any of the foregoing persons, including any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the director, executive officer, nominee or more than five percent beneficial owner, and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than five percent beneficial owner; and any firm, corporation or other entity in which any of the foregoing persons is a general partner or, for other ownership interests, a limited partner or other owner in which such person has a beneficial ownership interest of ten percent or more.

Relationship with Access

Access continues to hold more than majority of the total combined voting power of our outstanding common stock, and as a result Access continues to have significant control over our business, including pursuant to the agreements described below.

Stockholder Agreement

We entered into a stockholder agreement (the “Stockholder Agreement”) with Access prior to the consummation of the IPO. The Stockholder Agreement governs the relationship between Access and us, including matters related to our corporate governance, including board nomination rights and information rights.

Boards of Directors and Access Rights with respect to Director Designation

The Stockholder Agreement grants Access the right to designate nominees for the Board, whom we refer to as the “Access Designees,” subject to maintaining specified ownership levels. Specifically, the Stockholder Agreement grants Access the right to designate for nomination for election to the Board a number of Access Designees equal to:

- all directors comprising the Board at such time as long as Access holds at least 50% of the total combined voting power of our outstanding common stock;
- at least 40% of the total number of directors comprising the Board at such time as long as Access holds at least 40% but less than 50% of the total combined voting power of our outstanding common stock;
- at least 30% of the total number of directors comprising the Board at such time as long as Access holds at least 30% but less than 40% of the total combined voting power of our outstanding common stock;
- at least 20% of the total number of directors comprising the Board at such time as long as Access holds at least 20% but less than 30% of the total combined voting power of our outstanding common stock;
- and at least 10% of the total number of directors comprising the Board at such time as long as Access holds at least 10% but less than 20% of the total combined voting power of our outstanding common stock.

For purposes of calculating the number of Access Designees that Access is entitled to nominate pursuant to the formula outlined above, any fractional amounts would be rounded up to the nearest whole number and the

TABLE OF CONTENTS

calculation would be made on a pro forma basis after taking into account any increase in the size of the Board. With respect to any vacancy of an Access-designated director, Access has the right to designate a new director for election by a majority of the remaining directors then on the Board. The Stockholder Agreement provides that an Access-designated director will serve as the Chairman of the Board as long as Access holds at least 35% of the total combined voting power of our outstanding common stock.

Consent Rights

The Stockholder Agreement provides that, until and including the date on which Access ceases to hold at least 10% of our outstanding common stock, the prior written consent of Access will be required before we may take any of the following actions, whether directly or indirectly through a subsidiary:

Registration Rights Agreement

We entered into a registration rights agreement with Access (the “Registration Rights Agreement”) prior to the consummation of the IPO. The Registration Rights Agreement provides Access certain registration rights relating to Shares held by Access whereby, at any time following the consummation of this offering and the expiration of any related lock-up period, Access and its permitted transferees may require us to register under the Securities Act, all or any portion of these Shares, a so-called “demand request.” Access and its permitted transferees will also have “piggyback” registration rights, such that Access and its permitted transferees may include their respective Shares in any future registrations of our equity securities, whether or not that registration relates to a primary offering by us or a secondary offering by or on behalf of any of our stockholders.

The Registration Rights Agreement sets forth customary registration procedures, including an agreement by us to make our management reasonably available to participate in road show presentations in connection with any underwritten offerings. We also agree to indemnify Access and its permitted transferees with respect to liabilities resulting from untrue statements or omissions in any registration statement used in any such registration, other than untrue statements or omissions resulting from information furnished to us for use in a registration statement by Access or any permitted transferee.

Transactions with Access Affiliates

As a wholly owned subsidiary of Access, historically, we have entered into various transactions with Access and its subsidiaries in the normal course of business including, among others, service agreements, lease arrangements and license arrangements. The transactions described below are between us and affiliates of Access that are not also subsidiaries of WMG.

Lease Arrangements with Access

On March 29, 2019, an affiliate of Access acquired the Ford Factory Building, located on 777 S. Santa Fe Avenue in Los Angeles, California from an unaffiliated third party. The building is the Company’s new Los Angeles, California headquarters and as such, the Company is the sole tenant of the building acquired by Access. The existing lease agreement was assumed by Access upon purchase of the building and was not modified as a result of the purchase. Rental payments by the Company under the existing lease for the fiscal year 2021 year were approximately \$13 million per year and are subject to annual fixed increases throughout the remainder of the lease term. The remaining lease term is approximately 9 years, after which the Company may exercise a single option to extend the term of the lease for 10 years thereafter.

On August 13, 2015, a subsidiary of the Company, Warner Music Inc., entered into a license agreement with Access for the use of office space in the Company’s corporate headquarters at 1633 Broadway, New York, New York. The license fee of \$2,775 per month, plus an IT support fee of \$1,000 per month, was based on the per foot lease costs to the Company of its headquarters space, which represented market terms. For the fiscal year ended September 30, 2021 and September 30, 2020, an immaterial amount was recorded as rental income. The space is occupied by The Blavatnik Archive, which is dedicated to the discovery and preservation of historically distinctive and visually compelling artifacts, images and stories that contribute to the study of 20th century Jewish, WWI and WWII history.

On July 29, 2014, AI Wrights Holdings Limited, an affiliate of Access, entered into a lease and related agreements with Warner Chappell Music Limited and WMG Acquisition (UK) Limited, subsidiaries of the Company, for the lease of 27 Wrights Lane, Kensington, London. The Company had been the tenant of the building which Access acquired. Subsequent to the change in ownership, the parties entered into the lease and related agreements pursuant to which, on January 1, 2015, the rent was increased to £3,460,250 per year and the term was extended for an additional five years from December 24, 2020 to December 24, 2025, with a market rate rent review which began on December 25, 2020.

License Agreements with Deezer

Access owns an equity interest in Deezer S.A., which was formerly known as Odyssey Music Group (“Odyssey”), a French company that controls and operates a music streaming service, formerly through Odyssey’s subsidiary, Blogmusik SAS (“Blogmusik”), under the name Deezer (“Deezer”), and is represented on Deezer S.A.’s Board of Directors. Subsidiaries of the Company have been a party to license arrangements with Deezer since 2008, which provide for the use of the Company’s sound recordings on Deezer’s ad-supported and subscription streaming services worldwide (excluding China, North Korea, and Japan (included for subscription services only)) in exchange for fees paid by Deezer. The Company has also authorized Deezer to include the Company’s sound recordings in Deezer’s streaming services where such services are offered as a bundle with third-party services or products (e.g., telco services or hardware products), for which Deezer is also required to make payments to the Company. Deezer paid to the Company an aggregate amount of approximately \$42 million, \$42 million and \$49 million in connection with the foregoing arrangements during the fiscal years ended September 30, 2021, 2020 and 2019, respectively. In addition, the Company was issued, and currently holds, warrants to purchase shares of Deezer S.A. and the Company purchased a small number of shares of Deezer S.A., which collectively represent a small minority interest in Deezer S.A. The Company also has various publishing agreements with Deezer. Warner Chappell has licenses with Deezer for use of repertoire on the service in Europe, which the Company refers to as a PEDL license (referencing the Company’s Pan European Digital Licensing initiative), and for territories in Latin America. For the PEDL and Latin American licenses for the fiscal years ended September 30, 2021, 2020 and 2019, Deezer paid the Company an additional approximately \$2 million, \$2 million and \$1 million, respectively. Deezer also licenses other publishing rights controlled by Warner Chappell through statutory licenses or through various collecting societies.

Based solely upon a review of the filings furnished to the Company during fiscal year 2021, or written representations that no Form 5 was required, the Company believes that all filings required to be made by reporting persons were timely made in accordance with the requirements of the Exchange Act.

The Annual Meeting, Voting and Other Information

Overview

The Board is soliciting proxies in connection with the Annual Meeting. Under the rules of the SEC, when the Board asks you for your proxy, it must provide you with a proxy statement and certain other materials (including an annual report to stockholders), containing certain required information. These materials will be first made available, sent or given to stockholders on January 19, 2022.

The “[Proxy Materials](#)” include:

- this Proxy Statement;
- a notice of our 2022 Annual Meeting of Stockholders (which is attached to this Proxy Statement); and
- the Annual Report to Stockholders for 2021.

If you received printed versions of these materials by mail (rather than through electronic delivery), these materials also include a proxy card or voting instruction form. If you received or accessed these materials via the Internet, your proxy card or voting instruction form are available to be filled out and executed electronically.

Attending the Annual Meeting

Date and Time

Monday, February 28, 2022 at 12:00 p.m., Eastern Time

Location

www.virtualshareholdermeeting.com/WMG2022

We have adopted this technology to expand access to the meeting, improve communications and lower the cost to our stockholders, the Company and the environment. We believe that the virtual Annual Meeting should enable increased stockholder participation from locations around the world.

Who May Attend

Only holders of Shares as of the Record Date, or their authorized representatives or proxies, may attend the Annual Meeting. Admission to the Annual Meeting room will be on a first-come, first-served basis.

Directors’ Attendance at the Annual Meeting

Directors are expected to attend all annual meetings of stockholders.

Shares Outstanding and Holders of Record Entitled to Vote at the Annual Meeting

There were 136,075,422 shares of Class A Common Stock and 378,737,586 shares of Class B Common Stock outstanding as of the close of business on the Record Date of January 6, 2022. All holders of record of Shares at the close of business on the Record Date are entitled to vote at the Annual Meeting. Each share of Class A Common Stock outstanding as of the Record Date is entitled to one vote on each matter to be voted upon at the Annual Meeting and each share of Class B Common Stock outstanding is entitled to twenty votes on each matter to be voted upon at the Annual Meeting.

Your Vote is Important

The Board requests that you submit a proxy to vote your Shares as soon as possible. Your voting instructions are confidential and will not be disclosed to persons other than those recording the vote, except if you make a written comment on the proxy card, otherwise communicate your vote to management or authorize such disclosure.

Quorum Requirement

Presence in person or by proxy of the holders of a majority of the combined voting power of the then-outstanding Shares of common stock on the Record Date constitutes a quorum for the transaction of business at the Annual Meeting. Shares for which valid proxies are delivered or that are held by a stockholder

that attends the Annual Meeting in person will be considered part of the quorum. Once a Share is represented for any purpose at the meeting, it is deemed present for quorum purposes for the remainder of the meeting and for any adjourned meeting. Shares for which abstentions and “broker non-votes” (explained below) occur are counted as present and entitled to vote for purposes of determining whether a quorum is present.

Voting Your Shares

Holders of Record

If your Shares are registered in your name with our transfer agent, American Stock Transfer & Trust Company, you are a “holder of record” of those Shares. A holder of record may cause its Shares to be voted in any of the following ways:

Internet

Please log on to www.proxyvote.com and vote by 11:59 p.m., Eastern Time, on February 27, 2022.

Telephone

Please call the number on your proxy card until 11:59 p.m., Eastern Time, on February 27, 2022.

Mail

If you received printed copies of the proxy materials, please complete, sign and return your proxy card by mail to Vote Processing c/o Broadridge, 51 Mercedes Way, Edgewood, New York 11717 so that it is received by the Company prior to the Annual Meeting.

In Person

You may attend the virtual Annual Meeting and cast your vote.

These instructions appear on your Notice or proxy card. If you submit a proxy on the Internet or by telephone, please have your Notice or proxy card available for reference when you do so. If you submit a proxy via the Internet or by telephone, please do not mail in your proxy card.

For holders of record, proxies submitted by mail, on the Internet or by telephone will be voted by the individuals named on the proxy card in the manner you indicate. If you execute, date and deliver a proxy card but do not specify how your Shares are to be voted, the proxies will vote as recommended by the Board on all matters on the agenda for the Annual Meeting (see “[Proposals for Your Vote](#)”) and will use their discretion with respect to any other matters properly presented for a vote at the Annual Meeting or any postponement or adjournment thereof.

Holders in Street Name

If your Shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are a holder of Shares in “street name”. The organization holding your account will have provided you with proxy materials. As the beneficial owner, you have the right to direct the organization how to vote the Shares held in your account. If you want to vote in person at the Annual Meeting, you must obtain a legal proxy from your broker, bank or other intermediary and present it at the meeting, and submit it with your vote.

If you are a holder of Shares in street name and you do not submit voting instructions to your broker, bank or other intermediary, the intermediary generally may vote your Shares in its discretion only on routine matters. Intermediaries do not have discretion to vote their clients’ Shares on non-routine matters in the absence of voting instructions from the beneficial stockholder. At the Annual Meeting, only Proposal 2 (ratification of appointment of the independent auditor) is considered routine and may be voted upon by the intermediary if you do not submit voting instructions. All other proposals on the Agenda for the Annual Meeting are non-routine matters, and intermediaries may not use their discretion to vote on these proposals in the absence of voting instructions from you. These “broker non-votes” will not affect the outcome of the vote with respect to Proposal 1. There

TABLE OF CONTENTS

will be no broker non-votes associated with Proposal 2, as the ratification of our independent registered public accounting firm is a routine matter. As a result, if your Shares are held in street name and you do not give your bank or broker instructions on how to vote on Proposal 2, your Shares will be voted by the broker in its discretion.

Changing Your Vote or Revoking Your Proxy

If you are a holder of record and wish to revoke your proxy instructions, you must either (1) subsequently submit a proxy via the Internet or by telephone, which will be available until 11:59 p.m., Eastern Time, February 27, 2022; (2) sign, date and deliver a later-dated proxy card so that it is received before the Annual Meeting; (3) submit a written revocation; or (4) send a notice of revocation via the Internet at www.proxyvote.com. If you hold your Shares in street name, you must follow the instructions of your broker, bank or other intermediary to revoke your voting instructions.

Vote Required for Each Proposal

Proposal 1- Election of Directors

Board Recommendation: FOR each of the Company’s nominees.

Vote Required: Affirmative vote of at least a plurality of the votes of the Shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the subject matter.

Effect of Abstentions: No effect.

Effect of Broker Non-Votes: No effect.

Proposal 2 - Ratification of Appointment of Independent Registered Public Accounting Firm

Board Recommendation: FOR

Vote Required: Affirmative vote of a majority of the total combined voting power of the Shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the subject matter.

Effect of Abstentions: Same effect as a vote AGAINST the proposal.

Effect of Broker Non-Votes: There will be no broker non-votes associated with this proposal, as the ratification of our independent registered public accounting firm is a routine matter. As a result, if your Shares are held in “street name” and you do not give your bank or broker instructions on how to vote, your Shares will be voted by the broker in its discretion.

Matters to be Presented

We are not aware of any matters to be presented at the Annual Meeting other than those described in this Proxy Statement. If any matters not described in this Proxy Statement are properly presented at the meeting, unless otherwise provided, the proxies will use their own judgment to vote your Shares. If the meeting is adjourned or postponed, the proxies can vote your Shares at the adjournment or postponement as well.

Delivery of Proxy Materials

Notice and Access

We are using “notice and access” procedures to distribute our proxy materials to our stockholders. This method reduces the amount of paper used in producing proxy materials and lowers the costs associated with mailing the proxy materials to stockholders. We are mailing a Notice of Internet Availability of Proxy Materials (“Notice”) to stockholders. The Notice includes instructions on how to access the materials over the Internet and how to request a paper or e-mail copy. The Notice further provides instructions on how stockholders may elect to receive proxy materials in the future in printed form or by electronic mail. To select a method of delivery while voting is open, holders of record may follow the instructions when voting online at www.proxyvote.com. At any time, you may also choose your method of delivery of the Company’s proxy materials by visiting www.proxyvote.com. If you own Shares indirectly through a broker, bank or other intermediary, please contact the intermediary for additional information regarding delivery options.

[TABLE OF CONTENTS](#)

Holders of record will have the Notice or proxy materials delivered directly to your mailing address or electronically if you have previously consented to that delivery method.

Holders of Shares in street name will have the proxy materials or the Notice forwarded to you by the intermediary that holds the Shares.

Eliminating Duplicative Proxy Materials

To reduce the expenses of delivering duplicate proxy materials to stockholders, we are relying upon SEC rules that permit us to deliver only one set of proxy materials to multiple stockholders who share an address (known as “householding”), unless we receive contrary instructions from any stockholder at that address. All stockholders sharing an address will receive in a single envelope a single Proxy Statement and the Annual Report, along with individual proxy cards or individual Notices for each stockholder. If you are a stockholder who shares an address and last name with one or more other stockholders and would like to revoke your householding consent or you are a stockholder eligible for householding and would like to participate in householding, please contact Broadridge Household Department at 51 Mercedes Way, Edgewood, NY 11717 or 1-866-540-7095. You will be removed from the householding program within 30 days of receipt of the revocation of your consent. Additional copies of our proxy materials are available upon request by contacting: Broadridge Financial Solutions, Inc.

Proxy Solicitation Costs

The Board is responsible for the solicitation of proxies for the Annual Meeting. Broadridge Financial Solutions, Inc. will assist us in the distribution of proxy materials and provide voting and tabulation services for the Annual Meeting. All costs of the solicitation of proxies will be borne by us. We pay for the cost of proxy preparation and solicitation, including the reasonable charges and expenses of brokerage firms, banks, trusts or nominees for forwarding proxy materials to street name holders. We are soliciting proxies primarily by mail. In addition, our directors, officers and employees may solicit proxies by telephone or other means of communication personally. Our directors, officers and employees will receive no additional compensation for these services other than their regular compensation.

Vote Tabulation

Votes will be tabulated by Broadridge Financial Solutions, Inc.

Inspector of Election

The Board has appointed a representative of Broadridge Financial Solutions, Inc. as Inspector of Election for the Annual Meeting.

Results of the Vote

We expect to announce preliminary voting results at the Annual Meeting and publish preliminary or final voting results in a Form 8-K within four business days following the meeting. If only preliminary voting results are available for reporting in the Form 8-K, the Company will amend the Form 8-K to report final voting results within four business days after the final voting results are known.

Forward-Looking Statements

This Proxy Statement includes “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Some of the forward-looking statements can be identified by the use of forward-looking terms such as “believes,” “expects,” “may,” “will,” “shall,” “should,” “would,” “could,” “seeks,” “aims,” “projects,” “is optimistic,” “intends,” “plans,” “estimates,” “anticipates” or other comparable terms or the negative thereof. Forward-looking statements include, without limitation, all matters that are not historical facts. They appear in a number of places throughout this Proxy Statement and include, without limitation, our ability to compete in the highly competitive markets in which we operate, statements regarding our ability to develop talent and attract future talent, our ability to reduce future capital expenditures, our ability to monetize our music, including through new distribution channels and formats to capitalize on the growth areas of the music entertainment industry, our ability to effectively deploy our capital, the development of digital music and the effect of digital distribution channels on our business, including whether we will be able to achieve higher margins from digital sales, the success of strategic actions we are taking to accelerate our transformation as we redefine our role in the music entertainment industry, the effectiveness of our ongoing efforts to reduce overhead expenditures and manage our variable and fixed cost structure and our ability to generate expected cost savings from such efforts, our success in limiting piracy, the growth of the music entertainment industry and the effect of our and the industry’s efforts to combat piracy on the industry, our intention to pay dividends or repurchase or retire our outstanding debt or notes in open market purchases, privately or otherwise, the impact on us of potential strategic transactions, our ability to fund our future capital needs and the effect of litigation on us.

Forward-looking statements are subject to known and unknown risks and uncertainties, many of which may be beyond our control. We caution you that forward-looking statements are not guarantees of future performance or outcomes and that actual performance and outcomes, including, without limitation, our actual results of operations, financial condition and liquidity, and the development of the market in which we operate, may differ materially from those made in or suggested by the forward-looking statements contained in this Proxy Statement. In addition, even if our results of operations, financial condition and cash flows, and the development of the market in which we operate, are consistent with the forward-looking statements contained in this Proxy Statement, those results or developments may not be indicative of results or developments in subsequent periods. New factors emerge from time to time that may cause our business not to develop as we expect, and it is not possible for us to predict all of them. Factors that could cause actual results and outcomes to differ from those reflected in forward-looking statements include, without limitation:

- our inability to compete successfully in the highly competitive markets in which we operate;
- our ability to identify, sign and retain recording artists and songwriters and the existence or absence of superstar releases;
- slower growth in streaming adoption and revenue;
- our dependence on a limited number of digital music services for the online distribution and marketing of our music and their ability to significantly influence the pricing structure for online music stores;
- the ability to further develop a successful business model applicable to a digital environment and to enter into artist services and expanded-rights deals with recording artists in order to broaden our revenue streams in growing segments of the music entertainment business;
- the popular demand for particular recording artists and/or songwriters and music and the timely delivery to us of music by major recording artists and/or songwriters;
- risks related to the effects of natural or man-made disasters, including pandemics such as COVID-19;
- the diversity and quality of our recording artists, songwriters and releases;
- trends, developments or other events in some foreign countries in which we operate;
- risks associated with our non-U.S. operations, including limited legal protections of our intellectual property rights and restrictions on the repatriation of capital;
- unfavorable currency exchange rate fluctuations;
- the impact of heightened and intensive competition in the recorded music and music publishing industries and our inability to execute our business strategy;

TABLE OF CONTENTS

- significant fluctuations in our operations, cash flows and the trading price of our common stock from period to period;
- our failure to attract and retain our executive officers and other key personnel;
- a significant portion of our revenues are subject to rate regulation either by government entities or by local third-party collecting societies throughout the world and rates on other income streams may be set by governmental proceedings, which may limit our profitability;
- risks associated with obtaining, maintaining, protecting and enforcing our intellectual property rights;
- our involvement in intellectual property litigation;
- threats to our business associated with digital piracy, including organized industrial piracy;
- an impairment in the carrying value of goodwill or other intangible and long-lived assets;
- the impact of, and risks inherent in, acquisitions or other business combinations;
- risks inherent to our outsourcing certain finance and accounting functions;
- the fact that we have engaged in substantial restructuring activities in the past, and may need to implement further restructurings in the future and our restructuring efforts may not be successful or generate expected cost savings;
- our ability to maintain the security of information relating to our customers, employees and vendors and our music;
- risks related to evolving laws and regulations concerning data privacy which might result in increased regulation and different industry standards;
- legislation limiting the terms by which an individual can be bound under a “personal services” contract;
- new legislation that affects the terms of our contracts with recording artists and songwriters;
- a potential loss of catalog if it is determined that recording artists have a right to recapture U.S. rights in their recordings under the U.S. Copyright Act;
- potential employment and withholding liabilities if our recording artists and songwriters are characterized as employees;
- any delays and difficulties in satisfying obligations incident to being a public company;
- the impact of our substantial leverage on our ability to raise additional capital to fund our operations, on our ability to react to changes in the economy or our industry and on our ability to meet our obligations under our indebtedness;
- the ability to generate sufficient cash to service all of our indebtedness, and the risk that we may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful;
- the fact that our debt agreements contain restrictions that may limit our flexibility in operating our business;
- the significant amount of cash required to service our indebtedness and the ability to generate cash or refinance indebtedness as it becomes due depends on many factors, some of which are beyond our control;
- our indebtedness levels, and the fact that we may be able to incur substantially more indebtedness, which may increase the risks created by our substantial indebtedness;
- risks of downgrade, suspension or withdrawal of the rating assigned by a rating agency to us could impact our cost of capital;
- the dual class structure of our common stock and Access’s existing ownership of our Class B Common Stock have the effect of concentrating control over our management and affairs and over matters requiring stockholder approval with Access; and
- risks related to other factors discussed under “Risk Factors in our Annual Report on Form 10-K for the fiscal year ended September 30, 2021.
